Dear Dr. Henney:

I would like to let you know that we are in favor of the FDA promptly approving claims filed for saw palmetto and the symptoms of benign prostatic hyperplasia; psyllium husk seeds and the risk of heart disease; folic acid, vitamin B6 and vitamin B12 and cardiovascular disease; and vitamin E and the risk of Cardiovascular disease. Please do what you can to support these issues in your work.

Thank you.

Sincerely,

Joe and Vera Utara
